

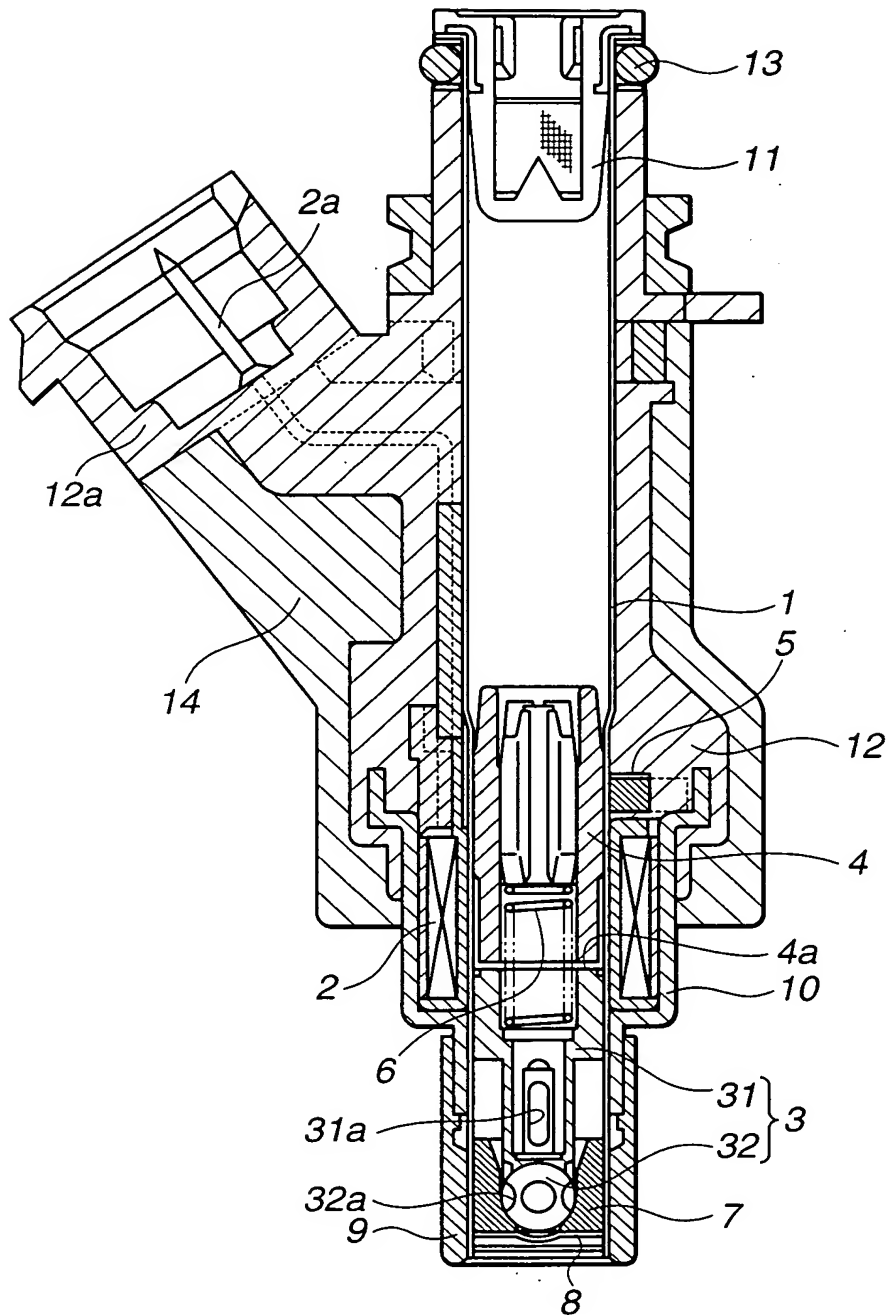

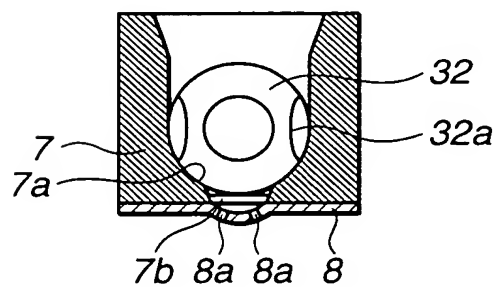

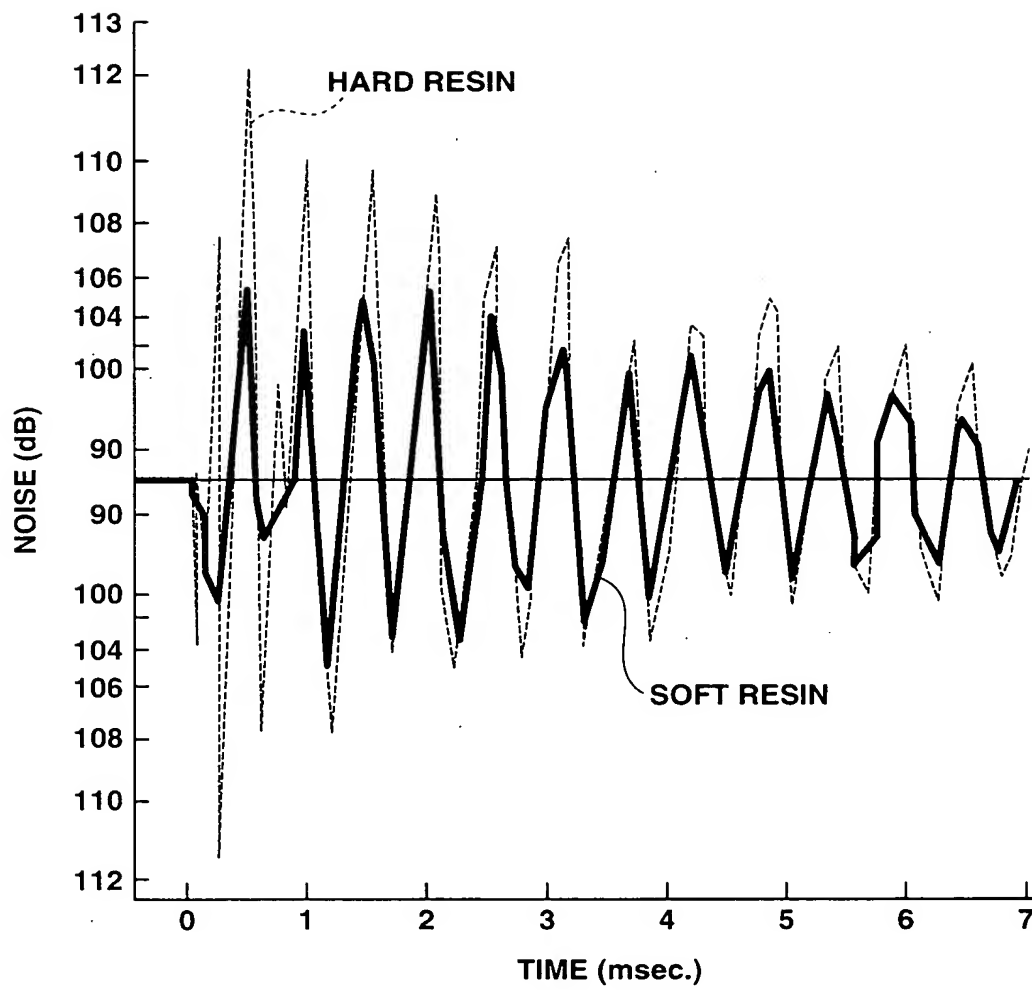

**FIG.1A**

**FIG.1B**

**FIG.2**

Technical drawing of a mechanical assembly in cross-section, showing a central vertical shaft (1) with various components. At the top, there's a component (11) with a hatched pattern, secured by bolts (13). A bracket (2a) is attached to the side. A large, angled component (12a') is shown in a dashed position, revealing internal parts (12', 14'). Below the shaft, there's a complex assembly (2) with a central part (4) and side parts (4a). A component (5) is also visible. At the bottom, there's a component (6) with a central part (31a) and side parts (32a), all within a housing (7). A component (8) is at the very bottom. The entire assembly is shown in a cross-sectional view with hatching indicating different materials.
